ABOUT ALICE'S DAY

One golden afternoon on 4 July 1862, Charles Dodgson, an Oxford don, took the 10-year-old Alice Liddell and her sisters on a boating picnic up the River Thames from Folly Bridge in Oxford. To amuse the children he told them a story about a little girl, sitting bored by a riverbank, who finds herself tumbling down a rabbit hole into a topsy-turvy world called Wonderland.

The story so delighted Alice that she begged him to write it down – and the story was published in 1865 as *Alice's Adventures in Wonderland* under the pen name Lewis Carroll, with illustrations by Sir John Tenniel.

Alice's Day commemorates an important moment for children's literature and for Oxford. Alice became one of the most popular, most widely quoted and most widely translated children's book ever written and marks the birth of modern children's literature.

Alice's Day is coordinated by The Story Museum, with venues all across the city joining in to provide a family festival of wonderland fun for all ages.
